April 2026 (TBC)

**Cohort 2  
Now Open!**

### Cohort 1 Testimonial

#### SPETA Gen II Leadership Programme (SGLP)

"The SGLP programme was highly engaging and relevant, offering practical perspectives on leadership, strategy, and decision-making that I can apply. The fireside chats and panel discussions brought diverse viewpoints and real-world experience into the learning, making the sessions highly insightful. The mentorship component was valuable—it provided candid guidance from seasoned leaders, helping me navigate complex business challenges and think more strategically about long-term growth. Overall, the programme has been both inspiring and practical, equipping me with actionable insights that I am already applying in my business".

Jeffrey Lee

### SPETA Spotlight

## Precision Engineering Industry Symposium 2026

It was truly encouraging to see over 200 participants from precision engineering and manufacturing companies, technology firms, industry professionals, schools and students come together at the inaugural Precision Engineering (PE) Symposium 2026, proudly organised by SPETA and JSIT-PE @ Nanyang Polytechnic.

The conversations and sharing, whether on-stage or off-stage, made the day special.

From perspectives on the global outlook for semiconductor and precision engineering, to honest discussions on how technology is reshaping the employee journey, and stories of enterprise transformation grounded in technology empowerment and people excellence.

The words "resilience" and "transformation" resonated strongly throughout the symposium.

# STAY UPDATED UPCOMING EVENTS

Feb – Dec 2026

## Tradeshow Calendar 2026

Internationalisation remains a key strategy for Singapore businesses to access new markets and growth opportunities. View SPETA's planned trade show participation for 2026 and register your interest to support national pavilion planning and LEAD-TFBM funding applications (terms and conditions apply).

**Find Out More Here...**

Sep 9 – 11, 2026 (Wed – Fri)

## Medical Manufacturing Asia 2026

SPETA invites Singapore companies to participate in the Singapore Pavilion at Medical Manufacturing Asia 2026 (MMA). Modelled after COMPAMED in Germany, MMA has established itself as Asia's leading specialist platform for upstream and midstream medical technology manufacturing, where innovation, production, and quality come together.

Sep 9 – 11, 2026 (Wed – Fri)

## Medical Fair Asia 2026

Position your brand at the forefront of Asia's healthcare market at Medical Fair Asia 2026 (MFA), the region's established platform connecting healthcare buyers, distributors, and solution providers. MFA 2026 will be co-located with Medical Manufacturing Asia 2026 (MMA), providing expanded networking and business opportunities across the healthcare and MedTech sectors.

## TRANSFORMING TALENT FOR A FUTURE-READY WORKFORCE CAREER CONVERSION PROGRAMME (CCP)

### ⊕ HOW CAN SPETA SUPPORT YOU?

SPETA is a Programme Partner appointed by Workforce Singapore (WSG). We work closely with companies in the Precision Engineering and Advanced Manufacturing sectors to support their workforce transformation efforts.

Whether you are hiring mid-career individuals or upskilling existing employees, SPETA guides you through the entire CCP process — from job role scoping and training design to application submission and progress tracking.

Through the Career Conversion Programme, companies can **access 70% to 90% funding of monthly salaries for up to 6 months**, helping you build a future-ready, skilled workforce while benefiting from government support.
